DATE: 1/9/98

	<u>NAME</u>	<u>COMPANY</u>
FROM:	<u>J. L. Donnell</u> <i>JLD</i>	<u>SWEC</u>
TO:	<u>Mark Delligatti</u>	<u>NRC</u>
SUBJECT:	<u>NRC Reference Request Status</u>	

JLD provided a status of each item requested by the NRC in MD's letter to Scott Northard dated December 23, 1997.

Specifically:

All items will be provided with the exception of Item 32, 33, and 34. These plans will be developed later the project.

Item 8 will be provided through a member of the PFSLLC under separate cover.

Items 20, 21 and 26, 27 will be provided by the storage technology vendors under separate cover.

The user manuals for items 4 and 22 contain proprietary information. After some discussion, it was determined that an 10CFR2.79 Affidavit should accompany the manuals to CNWRA if proprietary information is submitted.

Items 17, 29, and 30, which were all part of the overall Security Plan, were after some discussion, deleted by MD from the reference request. No further action required.
