SUBJECT: RECENT VISIT BY STAFF OF THE SPENT FUEL PROJECT OFFICE
TO LOCAL PUBLIC DOCUMENT ROOM

Dear Ms. Moriearty:

I wanted to thank you for taking time out of a very busy day to meet with Eric Leeds and me on January 29th, 1998. As you know, we were in Salt Lake City to attend the Nuclear Regulatory Commission's Atomic Safety and Licensing Board's pre-hearing conference regarding the application by Private Fuel Storage, Limited Liability Company (PFS) to construct an independent spent fuel storage installation on the reservation of the Skull Valley Band of Goshute Indians. You and the other members of the staff of the Marriott Library have taken your responsibilities as a Local Public Document Room (LPDR) for the NRC very seriously. Both Mr. Leeds and I were favorably impressed with your decision to maintain the hard copy of the PFS application with your special collections in order to try to keep it intact. We appreciate the obvious care that you have taken in maintaining two microfiche readers with appropriate magnifying lenses close to the LPDR microfiche collection.

Per your request, I am enclosing a second hard copy of the PFS application for use at the LPDR. If we can provide you with any further assistance, do not hesitate to contact me at 301-415-8518.

Sincerely,
