Letter No. S-O-58
File No. M1.1, W1

**TOOLELE COUNTY EMISSION INVENTORY
PRIVATE FUEL STORAGE FACILITY
PRIVATE FUEL STORAGE L.L.C.**

This purpose of this letter is to request the latest available (1998) point source emissions inventory for significant sources in Tooele County, Utah. The sources of interest are those included in the 1996 point source emissions inventory for Tooele County published on the DEQ web site. We would also be interested in any emissions information available for Barrick Resources (USA), Inc. (Mercur Mine) and Bolinder Companies, Inc. (Bauer, Erda, and Rocky Ridge Pits). Both the annual criteria and hazardous air pollutant emissions (tons per year) are of interest along with the stack parameters for these sources including: UTM coordinates; elevation above mean sea level; stack height; inside diameter; exit temperature; and exit velocity.

If possible, please e-mail the requested information to Mr. Stephen Vigeant at "steven.vigeant@stoneweb.com" at your earliest convenience. If there are any charges associated with this request, please send an invoice to me at Stone & Webster Engineers and Constructors, 7677 East Berry Avenue, Englewood, CO 80111-2137.

Should you have any questions in regard to this request, please call Mr. Stephen Vigeant at (617) 589-2916 or me at (303) 741-7139.

Sincerely,

Jerry L. Cooper
Project Engineer
