## COPYRIGHT NOTICE

The publication entitled "Field Investigation Evaluation Report", (proprietary version submitted with PFS letter, Parkyn to Director, Office of Material Safety and Safeguards, dated February 18, 1999, and non-proprietary version submitted with PFS letter, Donnell to U.S. NRC, dated July 30, 1999) consists of a report presenting the results of the preliminary field investigations of the Skull Valley, Utah site and the Shoshoni, Wyoming site, bearing a 1996 Copyright Notice. Stone & Webster hereby grants the Nuclear Regulatory Commission (NRC) the authority to make the number of copies of this copyrighted publication which are necessary for its internal use and to fulfill its legal responsibilities as regards public disclosure. This copyright notice covers the following type of documents generic or plant-specific review or approvals of the issuance, denial, amendment, transfer, renewal, modification, suspension, revocation, or violation of a license, permit, order, or regulation. This authorization is granted with the understanding that any copies of the publication made by the NRC will continue to bear the copyright notice, which will be reproduced along with any portion of the publication.
