Dear Dr. Eresian

Attached is the revised University of California, Davis McClellan Nuclear Radiation Center (UCD/MNRC) Physical Security Plan. This revision is being submitted in accordance with the requirements of 10 CFR 50.54(p)(2).

The changes made to the UCD/MNRC Physical Security Plan are necessary, in that the U.S. Air Force will be leaving the McClellan Industrial Park area in July 2001. The county of Sacramento will be responsible for emergency response after this time. There is no degradation of the emergency response capabilities due to these changes.

Questions concerning this issue should be directed to Dr. Wade J. Richards, 916-614-6200.

Sincerely

  
WADE J. RICHARDS, Ph.D.  
Director  
UCD/MNRC
