

January 30, 2001

APPLICANT: Florida Power and Light Company

FACILITY: Turkey Point Units 3 and 4

SUBJECT: SUPPLEMENT TO THE SUMMARY OF SCOPING MEETING HELD IN
SUPPORT OF THE ENVIRONMENTAL REVIEW FOR THE TURKEY POINT
UNITS 3 AND 4 LICENSE RENEWAL APPLICATION (TAC NOS. MA9940 AND
MA9944)

On January 10, 2001, the staff issued its summary of the December 6, 2000, public scoping meeting in support of the environmental review for the Turkey Point Units 3 and 4 license renewal application. A member of the public brought to our attention that her earlier filing to the U.S. Nuclear Regulatory Commission dated November, 22, 2000 (ADAMS Accession Number ML003771954), was intended to be included in the environmental scoping process as well. The staff is including the filing (reproduced in its entirety as the attached), into the scoping process as though it were part of the transcript.

In order to complete the record, we are making distribution of this document to the service list and to attendees at the scoping meeting. Please consider the November 22, 2000 document as part of Attachment 1 to the January 10, 2001 meeting summary.

James H. Wilson, Senior Project Manager /RA/Signed By: JHWilson
Generic Issues, Environmental, Financial, and
Rulemaking Branch
Division of Regulatory Improvement Programs
Office of Nuclear Reactor Regulation

Docket Nos. 50-250 and 50-251

Attachment: As stated
