P.O. Box 45155
Salt Lake City, UT 84145-0155

SUBJECT: EXTENSION OF TIME TO REVIEW THE DETERMINATION OF ADVERSE EFFECTS FOR THE ARCHEOLOGICAL AND HISTORIC SITES IDENTIFIED WITHIN THE AREA OF POTENTIAL EFFECTS AND DRAFT MEMORANDUM OF AGREEMENT FOR THE PROPOSED PRIVATE FUEL STORAGE FACILITY

Dear Mr. Krakow:

By letter dated December 1, 2000, the U.S. Nuclear Regulatory Commission (NRC), in cooperation with the U.S. Department of Interior's Bureau of Indian Affairs (BIA), Bureau of Land Management (BLM), and the Surface Transportation Board (STB), requested your concurrence on the determination of adverse effects on properties that are eligible for inclusion in the National Register of Historic Places. As a consequence of the finding of adverse effect, a draft Memorandum of Agreement (Agreement) was developed that outlines agreed-upon measures that Private Fuel Storage, L.L.C. will take to avoid, minimize, or mitigate these adverse effects. The cooperating Federal agencies requested your concurrence on the determination of adverse effects and comments regarding the draft Agreement within 30 days.

The Confederated Tribes of Goshute Reservation, the Utah Chapter of the Lincoln Highway Association, and the Skull Valley Band of Goshute Indians have responded to the request. The member organizations of the Utah Historic Trails Consortium and the Advisory Council on Historic Preservation requested additional time to review the document. No response was received from the other consulting parties. Based on these requests, the cooperating Federal agencies have revised the response date to February 28, 2001.

If you have any questions, please contact Scott Flanders (NRC) at (301) 415-1172, Laird Naylor (BLM) at (801) 977-4357, Garry Cantley (BIA) at (602) 379-6750, or Phillis Johnson-Ball (STB) at (202) 565-1530.

Sincerely,

SUBJECT: EXTENSION OF TIME TO REVIEW THE DETERMINATION OF ADVERSE EFFECTS FOR THE ARCHEOLOGICAL AND HISTORIC SITES IDENTIFIED WITHIN THE AREA OF POTENTIAL EFFECTS AND DRAFT MEMORANDUM OF AGREEMENT FOR THE PROPOSED PRIVATE FUEL STORAGE FACILITY

Dear Mr. Banta:

By letter dated December 1, 2000, the U.S. Nuclear Regulatory Commission (NRC), in cooperation with the U.S. Department of Interior's Bureau of Indian Affairs (BIA), Bureau of Land Management (BLM), and the Surface Transportation Board (STB), requested your concurrence on the determination of adverse effects on properties that are eligible for inclusion in the National Register of Historic Places. As a consequence of the finding of adverse effect, a draft Memorandum of Agreement (Agreement) was developed that outlines agreed-upon measures that Private Fuel Storage, L.L.C. will take to avoid, minimize, or mitigate these adverse effects. The cooperating Federal agencies requested your concurrence on the determination of adverse effects and comments regarding the draft Agreement within 30 days.

The Confederated Tribes of Goshute Reservation, the Utah Chapter of the Lincoln Highway Association, and the Skull Valley Band of Goshute Indians have responded to the request. The member organizations of the Utah Historic Trails Consortium and the Advisory Council on Historic Preservation requested additional time to review the document. No response was received from the other consulting parties. Based on these requests, the cooperating Federal agencies have revised the response date to February 28, 2001.

If you have any questions, please contact Scott Flanders (NRC) at (301) 415-1172, Laird Naylor (BLM) at (801) 977-4357, Garry Cantley (BIA) at (602) 379-6750, or Phillis Johnson-Ball (STB) at (202) 565-1530.

Sincerely,
