SUBJECT

Shipment of thorium metal

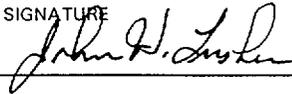

SUMMARY

Called Tom Lee of B&W, Virginia as a follow up to Mark Elliot's suggestion to see if any thorium metal had been transferred and relieved back from either Jessop or Superior steel companies. I was transferred to Dave Ward, because Tom was not in the office and I asked Dave if they could look back through their records and see if there were any transfers of thorium metal to either of the steel companies. Dave said that they would look and get back to me in a few days.
