Washington, D.C. 20555-0001

**SUBJECT: BWR OWNERS' GROUP LICENSING TOPICAL REPORT
NEDC-32975P-A "REGULATORY RELAXATION FOR BWR LOOSE PARTS
MONITORING SYSTEMS" DATED February 2001**

References (1) NEDC-32975P "Regulatory Relaxation for BWR Loose Parts Monitoring Systems" dated July 2000
(2) NRC Safety Evaluation, BWR Owners' Group – Topical Report NEDC-32975(P), "Regulatory Relaxation for BWR Loose Parts Monitoring Systems" (TAC NO. MA9643) dated January 25, 2001

Attachments: (1) NEDC-32975P-A "REGULATORY RELAXATION FOR BWR LOOSE PARTS MONITORING SYSTEMS" dated February 2001 (pdf file on enclosed CD-ROM)

In accordance with NUREG-0390 recommendations, the BWR Owners' Group (BWROG) has published the NRC accepted subject topical report and this report is being transmitted via the enclosed CD-ROM. The NRC Safety Evaluation (Reference 2) and associated transmittal letter are included in the approved topical report between the title page and the table of contents.

If you have any question regarding this transmittal, please contact the General Electric Project Manager, TA Green at (408) 925-1308 or the undersigned.

Very truly yours,

James M. Kenny, Chairman
BWR Owners' Group
