FITNESS-FOR-DUTY REPORT
PERFORMANCE DATA AND SUMMARY OF MANAGEMENT ACTIONS

Medical Review Officer (MRO) Six Month Report

From July 1, 2000, through December 31, 2000, our records indicate the following results:

In the Pre-Access program category, in the short-term contractor personnel pool, eight (8) confirmed positives for single substance, one (1) confirmed positive for two substances and two (2) refusals to test, by MRO adjudication, due to specimen adulteration. The Random program category incurred one (1) confirmed positive in the short-term contractor personnel pool. There were no confirmed positives in the For Cause-Observed Behavior and Follow-up program categories. There were no confirmed positives in the licensee or long-term contractor pools.

Pre-Access Program

In the Pre-Access program category, short-term contractor personnel pool, eight (8) confirmed positives for a single substance and one (1) confirmed positive for two substances were experienced. Two (2) specimens were confirmed as adulterated samples and by MRO interview, adjudicated as positive - refusal to test. Each individual participated in separate face-to-face interviews with the Medical Review Officer, and nine (9) were provided the opportunity for split specimen testing. One (1) individual elected to forward the split sample and a repeat confirmed positive result was reported. The Medical Review Officer adjudicated all nine (9) individuals as confirmed positive and unescorted access was denied. The two (2) individuals providing the adulterated samples were adjudicated by the Medical Review Officer, as a refusal to test and permanently denied unescorted access.

Random Program

In the Random program category, short-term contractor personnel pool, one (1) confirmed positive was experienced. The individual participated in a face-to-face interview with the Medical Review Officer and was adjudicated as a confirmed positive and unescorted access was denied.

List of Events Reported

During the period of July 1, 2000, through December 31, 2000, no events were reported under the provisions of 10 CFR 26.73 by Beaver Valley Power Station (BVPS).
