SUBJECT: Return for Disposal, One Tritium filled EXIT sign

Our department recovered a Shield Source; Inc. tritium filled EXIT sign. It has one label: Shield Source, Inc. Peterboro, Ont. Canada. Serial Number on the sign is: L4109. Model LTE. Date: 05-1997. Contains 11.5 curies Tritium.

Another label gives your company's name, mailing address and telephone number.

The sign is approximately 14 1/2 long x 8 inches wide x 1 inch thick. The tubes are sealed and in a black plastic material with clean lens over the EXIT letters. The gray frame is loose (detached).

Item was apparently removed from a site, alleged to be in New Brunswick, NJ, as a souvenir and surrendered to our department yesterday afternoon.

Please provide disposition and/or shipping instructions.

If you need additional information, please call me. My direct line is 856 256-4567.

Thank you.
