Subject: Custody and Access Agreement for the Sherwood, Washington, Former Uranium Processing Site

Dear Mr. Ting:

The "Long-Term Surveillance and Maintenance Agreement and Right of Access to the Sherwood Site" has been executed by the U.S. Department of Energy, the Spokane Tribe of Indians, the Bureau of Indian Affairs, and the Nuclear Regulatory Commission.

We received the three original, executed copies from your office, which indicates that an original was kept for your records. As an adjunct to the agreement, enclosed is a map showing the legal description of the site boundary.

Thank your for your cooperation in this matter. You may reach me at 970/248-7620 if there are any questions.

Sincerely,
