Subject: Need a copy of the license termination request.		
<p><u>Summary:</u> Mr. Saqfilhait called and requested a copy of the letter that was originally sent to the NRC requesting that the license be terminated. I inquired as to why he needed a copy of the letter. He stated that an inspector from the NJ DEP was there, they failed to keep a copy of the letter, and they needed the letter to show that no activities were being conducted at the facility. I asked Mr. Saqfilhait if he could access the internet for a copy of the document in ADAMS. He stated that he could not. I requested that he send me an e-mail request for the information and that I would reply to the e-mail request with the requested letter as an attachment. I also informed him that his NRC license was still active and that he should refer to our July 10, 2000 letter detailing the required information.</p>		
Action Required/Taken: Place into ADAMS.
