Dear Senator Edwards and Representative Price,

Mr. Caves is my contact at CP & L (he gets Mr. William Cavanaugh's mail). Seems worth considering this! Thanks. Judy Hogan

Thank you Judy,

Given your preference for dry storage, this seems like a reasonable solution. If Senator Edwards and Congressman Price believe that dry cask storage is preferred, they should be able to support your proposal, considering we wouldn't be in this predicament if the federal government met their obligation. Our position, as you know, is that both pool storage and dry cask storage can be implemented safely.

Dear Senator Edwards and Representative Price!

Please keep doing all you can! Why shouldn't the whole nuclear industry embrace dry cask storage, keep the dangerous waste at the site in casks, saving accident risks from handling and shipping, and let the Fed Government pay for the extra cost to utility companies of cask storage! I vote for that! Thanks for all you're doing! Sincerely, Judy Hogan
