Subject: Site Organization

Dear Mohammad:

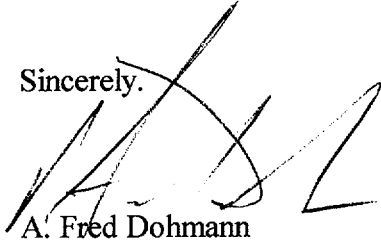

This letter provides formal notification of a personnel change within the Fansteel site organization. Our organization, as reflected in Figure 3 of the License, reflects two Plant Operations Manager functions. The function of Plant Operations Manager – Process was previously filled by Mr. Chip Pettit, who left the company in August, 2000. At that time, Mr. James Burgess, Plant Operations Manager – Mining and Utilities, was designated to fill that function on an interim basis.

Currently, the function of Plant Operations Manager – Process remains a separate function within the Fansteel organization, and Mr. Burgess will continue to fulfill both functions. Fansteel will continuously review this arrangement with respect to operational considerations, and will notify the NRC of any changes.

NMSSO/Public

If you have any questions, please do not hesitate to contact me at (918) 687-6303.

Sincerely,

A handwritten signature in black ink, appearing to read 'A. Fred Dohmann', written over the word 'Sincerely,'.

A. Fred Dohmann
General Manager
