Subject: APPLICATION FOR SERVICE IRRADIATION OF STAINLESS STEEL

Dear Mr. Shippenberg:

This is to acknowledge receipt of the application forms (AEC-313) requesting a license to obtain reactor irradiations of stainless steel. The application has been forwarded to the Isotopes Extension, Division of Civilian Application in Oak Ridge, Tennessee.

The Licensing Branch, Division of Civilian Application in Washington is responsible for licensing reactors, reactor operators, special nuclear material and source material for civilian use. The Oak Ridge Extension of the Division of Civilian Application is responsible for licensing of reactor produced radioisotopes and reactor irradiation of materials. Any questions concerning the status of your application for the reactor irradiation of stainless steel should be directed to Mr. Lester E. Rogers, Chief, Byproduct Licensing Branch, Isotopes Extension, Division of Civilian Application, P. O. Box E, Oak Ridge, Tennessee.

If we may be of other assistance, please contact us.

Very truly yours,
