Attention: Mr. Peter C. Murphy  
Accountability Coordinator

Gentlemen:

This is in reply to your November 13, 1956, letter to Mr. Merrill Eisenbud which has been referred to this office for reply.

If the Air Force is not interested in the return of the salt described in your letter, the AEC would consider receiving the material for scrap. In this case we will appreciate your providing detailed information on the amount, nature and condition of the material to the U. S. Atomic Energy Commission, P. O. Box E, Oak Ridge, Tennessee, Attention: Dr. H. M. Roth so that arrangements for the transfer of the material to the AEC can be worked out.

Very truly yours,

*[Signature]*

and
