Dear Ms. Kime:

Please find enclosed copies of Amdel Limited Corporation's inactive registry sheets FL-8121-D-801-S, FL-8121-D-802-S and FL-8121-D-803-S. Amdel's Florida radioactive materials license (2617-1) that authorized possession, distribution, training and servicing of the devices listed in these registry sheets has expired.

Thank you for your assistance in obtaining an inactive vendor number. If you have any questions, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael N. Stephens".

Michael N. Stephens  
Environmental Administrator

Enclosures: As Stated
