Doesn't Recall specific Meeting

BUT Atmosphere was raw because
of potential layoffs & pressure
to get up & running on time

Doesn't Recall Statment NOT to write PERs
unless feel need related

Prior to 95 Movement to segregate
& categorize problems

Atmosphere was to correct small
problems on spot instead of
writing PERs

PERs were never NOT written ~~NOT~~
~~TO~~ TO save money & get plant up
& running

was able to write A PERs

would have recalled such a Statment
