MEMORANDUM TO: Binesh K. Tharakan
Project Manager, General License Project
Materials Safety and Inspection Branch
Division of Industrial and Medical Nuclear Safety
Office of Nuclear Material Safety and Safeguards

FROM: Anne T. Boland, Acting Chief /RA/
Materials Licensing/Inspection Branch 1
Division of Nuclear Materials Safety

SUBJECT: CASE RESOLUTION OF A GENERAL LICENSE FILE (RCODE 30771;
CHESAPEAKE CORPORATION, FREDERICKSBURG, VIRGINIA)

This memorandum is in response to Temporary Instruction 2800/030, "VERIFICATION OF THE STATUS OF DEVICES AUTHORIZED FOR USE UNDER A GENERAL LICENSE." After numerous telephone conversations with individuals associated with the devices in question, the inspector determined that one of the devices identified in Case File, RCODE No. 30771, Chesapeake Corporation, Fredericksburg, Virginia, was currently in the possession of Timber Products located in Birchtree, Missouri. Please refer to the enclosed forms for details on the location of the device. However, the inspector exhausted all known resources to determine the whereabouts of the other two devices and was not successful in locating them. The search included numerous discussions with current and former employees as well as the manufacturer.

If you have any questions regarding this matter, please contact Wade Loo at (404) 5762-4727.
