TAC Nos. MB0878 (Unit 1) and MB0879 (Unit 2), filed February 1, 2001

Ladies and Gentlemen:

On February 1, 2001, Constellation Nuclear, LLC (on behalf of its indirect subsidiary (to be created) Nine Mile Point Nuclear Station, LLC), Niagara Mohawk Power Corporation, New York State Electric & Gas Corporation, Rochester Gas and Electric Corporation, and Central Hudson Gas & Electric Corporation, filed an application for an order and conforming administrative amendments for the transfer of the NRC facility operating licenses for Nine Mile Point, Units 1 and 2.

Throughout the application, references are made to the entity to which the licenses are to be transferred, Nine Mile Point Nuclear Station, LLC ("NMP LLC"), and to that entity's corporate parent, Calvert Cliffs Nuclear Power Plant – Delaware, Inc. ("C-Corp-Del"). The application stated that both of these entities were yet to be formed and that the latter entity was "to be renamed." Both entities have now been created and C-Corp-Del has been named Constellation Nuclear Power Plants, Inc. The information in the application describing NMP LLC and C-Corp-Del, including the state of organization, their business addresses, and their principal officers, directors, and management committee members, remains correct.
