

January 19, 2001

The Honorable James T. Walsh, Chairman  
Subcommittee on Veterans Affairs, HUD, and  
Independent Agencies  
Committee on Appropriations  
United States House of Representatives  
Washington, D.C. 20515

Dear Mr. Chairman:

I am writing to report on the status of the development of a Memorandum of Understanding (MOU), between the U.S. Nuclear Regulatory Commission (NRC) and U.S. Environmental Protection Agency (EPA), concerning remediation of sites under NRC regulatory authority and avoidance of dual regulation. In my October 13, 2000, letter to you, I committed to provide a further status report by January 19, 2001.

We have had several interactions with EPA since our last report in order to reconcile our differences. We were not successful. Nonetheless, we believe it is worthwhile to allow the incoming Administration time to examine the issues concerning this MOU before drawing any conclusions about our chances for success. Accordingly, I will report to you on the status of our efforts to develop a mutually acceptable MOU by May 21, 2001.

If you desire additional information or clarification, please contact me.

Sincerely,

/RA/

Richard A. Meserve
