

U.S. NUCLEAR REGULATORY COMMISSION		Conversation Date: 4/4/2001
<b>TELEPHONE CONVERSATION RECORD</b>		Time: 7:20 AM
Mail Control No.:	License No.:	Docket No.:
Licensee/Applicant Participant(s): Dwight Sheer (new section chief)	Organization: PADER	Telephone No.: 412/442-5823
Person(s) Calling: Kathy Modes		
Subject: PADER called and left voice mail message		
<p>Summary:</p> <p>PADER left a voice mail message that indicated that the gauge may be here in PA and that they would like to get me up to speed and discuss my meeting with Karsnak (they offered to give me questions to ask).</p> <p>I explained to Dwight that he had mis-information and that the paperwork that I have indicates that the gauge left PA and was last seen in AL. I also told him that AL exhausted all of their efforts and were unable to find the missing gauge - not what he said that AL says it is not in their state.</p> <p>Dwight was unaware of the telephone conference call between PA, NRC, and AL we had back in January.</p> <p>Dwight was afraid the gauge may be in the Nemaocolin, PA site. After explaining the paper trail that I have created and the problems with Karsnak (not a very reliable or credible person), Dwight felt more comfortable with us handling this matter.</p> <p>We will keep PADER informed via our SAO (Duncan White).</p>		
Action Required/Taken: Continue with our planned inspection and letter writing
