Letter of Clarification Regarding
Entergy Operations, Inc. Waterford 3 Letterhead

Gentlemen:

This letter is being issued at the request of the NRC Staff to docket the clarification provided to Robert A. Gramm concerning Waterford 3 letterhead. On March 16, 2001, Entergy received a telephone call from Robert A. Gramm of the NRC Staff to obtain clarification regarding the recently revised company letterhead. The legal company name, Entergy Operations, Inc. was erroneously removed from the company letterhead during a revision to add the newly established regional designator, Entergy Nuclear-Southwest. The NRC Staff was given the mistaken impression that our corporate name had been changed without prior NRC notification. The title of Entergy Operations, Inc. is still valid and should have been used on all legal documents. We have discontinued using the incorrect letterhead and are in the process of correcting the discrepancy. We sincerely apologize for any confusion this may have caused.
