Subject: Staff meeting to Discuss SFP Decommissioning Public Comments

Good afternoon,

I have scheduled a meeting for Wednesday, June 28, 2000 from 9:30 a.m. to 11:00 a.m. in O-13-B2.

Purpose: To discuss with the reviewers the status of the public comment responses and to ensure that if there are any issues/concerns which need to be addressed, that they are brought up at this meeting (prior to the July 7th deadline).

If there are materials that you need (references, latest version of SFP report, public comments, etc), please tell me now so that I can have them prepared for the meeting.

If I have neglected to include any public comment reviewers from this email, please forward this email.

If you can not attend, please email me so that we can be sure to contact you.

Thanks for your support,

Tanya Eaton
