**Subject:** REVISED: Fwd: Corrected G-mean

Revision: Due to schedule conflict, the initial meeting will start at 1 PM in O16B4. This is a large room intended to accommodate the overall group meeting from 2 PM to 4 PM.

Bob,

I am forwarding Tom O'Hara's Table and charts for geometric mean. I am also attaching here the latest version of the seismic paper. The discussion is likely to center around the seismic paper. I understand that you are coming in late on the night of 8/21. So, we could meet with you on 8/22 at 12 PM. I shall take a small meeting room to discuss the strategy. The likely participants are myself, Nilesch, Bob Rothman.

Thank you,  
Goutam
