Docket No. 50-220

Mr. B. Ralph Sylvia  
Executive Vice President, Nuclear  
Niagara Mohawk Power Corporation  
301 Plainfield Road  
Syracuse, New York 13212

Dear Mr. Sylvia:

SUBJECT: CORRECTED PAGE FOR NINE MILE POINT NUCLEAR STATION UNIT NO. 1  
LICENSE AMENDMENT NO. 132 (TAC NO. M82560)

By letter dated January 7, 1992, Niagara Mohawk Power Corporation (NMPC) submitted a license amendment request for Nine Mile Point Unit No. 1. The proposed license amendment included a revised page 265a of the Nine Mile Point Unit No. 1 Technical Specification (Appendix A to Facility Operating License DPR-63). The revised TS page 265a was issued on October 2, 1992, as part of License Amendment No. 132. License Amendment No. 131 (requested by NMPC letter dated May 27, 1992, and issued on July 27, 1992) resulted in repagination of certain material contained on TS page 265a. However, due to an oversight, this repagination of material was not incorporated on the revised TS page 265a issued with License Amendment No. 132. Therefore, certain material which had been repaginated to TS page 265a as part of License Amendment No. 131 was inadvertently omitted from TS page 265a issued with License Amendment No. 132. A revised TS page 265a which includes the material inadvertently deleted from TS page 265a is enclosed and should be used to replace the TS page 265a that was issued with License Amendment No. 132.

We apologize for any inconvenience caused by this error.

Sincerely,

*Donald S. Brinkman*

Dear Mr. Sylvia:

SUBJECT: CORRECTED PAGE FOR NINE MILE POINT NUCLEAR STATION UNIT NO. 1  
LICENSE AMENDMENT NO. 132 (TAC NO. M82560)

By letter dated January 7, 1992, Niagara Mohawk Power Corporation (NMPC) submitted a license amendment request for Nine Mile Point Unit No. 1. The proposed license amendment included a revised page 265a of the Nine Mile Point Unit No. 1 Technical Specification (Appendix A to Facility Operating License DPR-63). The revised TS page 265a was issued on October 2, 1992, as part of License Amendment No. 132. License Amendment No. 131 (requested by NMPC letter dated May 27, 1992, and issued on July 27, 1992) resulted in repagination of certain material contained on TS page 265a. However, due to an oversight, this repagination of material was not incorporated on the revised TS page 265a issued with License Amendment No. 132. Therefore, certain material which had been repaginated to TS page 265a as part of License Amendment No. 131 was inadvertently omitted from TS page 265a issued with License Amendment No. 132. A revised TS page 265a which includes the material inadvertently deleted from TS page 265a is enclosed and should be used to replace the TS page 265a that was issued with License Amendment No. 132.

We apologize for any inconvenience caused by this error.
