

UNITED STATES GOVERNMENT

# Memorandum

TO : *WV* R. Nelson, Radiation Specialist (Supervisory), Region 1, Division of Compliance  
DATE: December 9, 1964

FROM : *WV* K. P. Resner, Radiation Specialist  
Region 1, Division of Compliance

SUBJECT: *WV* NRC REGULATORY CORPORATION, NEWTON HIGHLANDS, MASSACHUSETTS  
LICENSE NO. 20-6439-4

COLLIER

Telephone information obtained from Mrs. F. L. Torney, Jr., Radiat. on Safety Officer this date indicated that the licensee has not procured material under this license since May 1961. License was renewed in April 1964 in the event that use of tritium was reinstated.

This license is presently classified as "overdue - initial".

Copy of this memorandum to be placed in the USRC files for cross check at next USRC inspection.
