CAMBRIDGE 42, MASSACHUSETTS

CABLE ADDRESS - NARESCO

April 15, 1955

United States Atomic Energy Commission  
Washington 25  
District of Columbia

Attn: Chief, Licensing Controls Branch

Gentlemen:

Please supply me with the necessary number of copies of Form AEC-8, "Application for Authorization to Receive Source Material in Excess of Licensed Quantities", to make application for additional thorium compounds for further investigation of methods for the production of thorium metal according to the provisions of our present (A.E.C.) License No. C-3251

Very truly yours,

NATIONAL RESEARCH CORP.

Wayne H. Keller
