Vice President & Director
Oyster Creek Nuclear Generating Station
Post Office Box 388
Forked River, New Jersey 08731

Dear Mr. Fiedler:

SUBJECT: NEW OVERHEAD CORE SPRAY SPARGER

Oyster Creek Nuclear Generating Station

By letter dated February 14, 1984 GPU Nuclear Corporation (GPUNC) requested that the proposed Technical Specification (TS) change request to replace the core spray sparger at Oyster Creek be cancelled.

This decision was based on the recent inspection of the existing sparger assembly and the subsequent issuance of Amendment No. 70, dated January 26, 1984, to the Oyster Creek license which deletes the requirement for sparger replacement during the current refueling outage. Therefore, the staff considers your TS change request No. 95 withdrawn.

Your request for license Amendment fee refund will be considered under separate action.

Sincerely,

Original signed by
Dennis M. Crutchfield, Chief
