Working Group Members,

I wanted to remind you all about the NRC/NEI/Public meeting that is on **Tuesday, April 13, 1999 from 1:00pm - 4:00pm**. The meeting will now take place in the **Commission's Briefing Room** on the first floor of OWFN.

I've been told that the focus of the meeting is on a technical exchange of information between the NRC, NEI and the public, in which we are primarily in the receiving mode. We will welcome any comments, questions, or technical information that NEI and the public are willing to give us and consider them in our Working Group effort.

We plan on informing NEI and the public on the Working Group that we assembled and we will state our outputs and outcome. Since we are in the first stages of our Working Group Plan, we do not want to mention any of the specific actions that we are pursuing because they may change.

Since this is our opportunity to gain their insights, I would encourage you all to attend. Please let me know if you won't be able to attend.

Thanks again, and your time is appreciated.

Vonna
