Subject: Re: Today's and tomorrow's spent fuel pool meetings

Jason,

You don't have to come to either of the meetings, but you are certainly welcome to come. The agenda for today's meeting is attached. Tomorrow's meeting with PNNL is going to be focused on the spent fuel heatup analysis. Again, you are welcome to attend.

Vonna

>>> Jason Schaperow 06/21 8:39 AM >>>

Based on what you said last week, I probably do not need to attend today or tomorrow's spent fuel pool meetings. If you do need me at these meetings, maybe you could let me know during what parts of the meetings (i.e., at what times) I need to be there. Also, I have a conflict tomorrow afternoon from 2-5pm.

Thanks.
Jason
