Dear Chairman Meserve:

For many years, NTEU has recognized the benefit of working together with agency representatives to address workplace issues. Our collaborative efforts have contributed to improving operations and increasing employee job satisfaction, thereby enhancing the quality of service to the American public. While the Executive Order signed in February removes the prior mandate to establish labor-management partnerships, I believe it is in our mutual interest to maintain that spirit of cooperation. Whether we choose to resolve matters through councils, committees, or some other forum, our focus should be the effective conduct of public business, as called for in the Civil Service Reform Act of 1978.

I welcome the opportunity to discuss ways in which we can foster an effective labor-management relationship that provides for meaningful pre-decisional involvement of NTEU on employment policies and practices, as well as on ways to facilitate achieving the agency's mission. Our shared goal should be to effectively serve the public by promoting and maintaining a cooperative working environment amongst management, NTEU, and employees at all levels.

Sincerely,

Colleen M. Kelley
National President
