UNITED STATES
NUCLEAR REGULATORY COMMISSION
ADVISORY COMMITTEE ON REACTOR SAFEGUARDS
WASHINGTON, D.C. 20555-0001

COMSECY-01-0013

April 17, 2001

MEMORANDUM TO:

Chairman Meserve
Commissioner Dicus
Commissioner Diaz
Commissioner McGaffigan
Commissioner Merrifield

FROM:

John T. Larkins *John T. Larkins*
Executive Director, ACRS/ACNW

SUBJECT:

DRAFT PRESS RELEASE AND *FEDERAL REGISTER* NOTICE
TO SOLICIT QUALIFIED CANDIDATES FOR APPOINTMENT TO
THE ADVISORY COMMITTEE ON REACTOR SAFEGUARDS

Attached is a copy of the draft *Federal Register* notice and the draft press release that we plan to use to solicit qualified candidates for possible appointment to the Advisory Committee on Reactor Safeguards (ACRS) to fill a vacancy that is expected in August 2001. These documents emphasize that the Commission is seeking an individual with expertise in the area of thermal hydraulics.

The ACRS recently assessed the technical expertise needed to assist the Committee in future reviews. The Committee considered the need for expertise in digital instrumentation and control, reactor physics (i.e., advanced reactor core design reviews) and lastly, thermal hydraulics. Because of the projected workload in the area of thermal-hydraulic code reviews, power uprates, advance reactor design and other areas, the Committee decided it could fully utilize an additional member with expertise in thermal hydraulics.

We request Commission approval by April 27, 2001. We will submit the *Federal Register* notice to the Office of the Secretary for publication and the press release information to the Office of Public Affairs (OPA) for distribution. OPA develops and provides a press release to a variety of sources for informational purposes. Through the Office of Human Resources, we also plan to place paid advertisements in several publications.

For additional information, please call me at 415-7360.

DRAFT PRESS RELEASE

NRC INVITES PUBLIC TO SUBMIT NOMINATIONS FOR THE ADVISORY COMMITTEE ON REACTOR SAFEGUARDS

The U.S. Nuclear Regulatory Commission (NRC) is seeking qualified candidates for an appointment to its Advisory Committee on Reactor Safeguards (ACRS) to fill a vacancy.

The ACRS was established by Congress to provide the NRC with independent expert advice on matters related to the safety of existing and proposed nuclear facilities and on the adequacy of the proposed reactor safety standards. Emphasis is currently being given to safety issues associated with the operation of 103 commercial nuclear units in the United States; risk-informed and performance-based regulatory approaches; license renewal applications; risk-informed revisions to 10 CFR Part 50; power uprates; transient and accident analysis codes; use of mixed oxide and high burnup fuels; and advanced reactor designs. X

The ACRS membership is drawn from a variety of engineering and scientific disciplines needed to conduct the broadly based review for these facilities, as well as proposed standards and criteria and related research activities. At this time, the Commission is specifically seeking individuals with 15-20 years of experience, including graduate level education, in the area of thermal hydraulics. Candidates are selected to provide a balanced technical base consistent with the requirements of the Federal Advisory Committee Act. X

Because conflict-of-interest regulations restrict the participation of members actively involved in the regulated aspects of the nuclear industry, the degree and nature of any such involvement will

be weighed. Each qualified candidate's financial interests must be reconciled with applicable Federal and NRC rules and regulations prior to final appointment. This might require divestiture of securities issued by nuclear industry entities, or discontinuance of industry-funded research contracts or grants.

A ~~resumé~~ ^{resumé} describing the educational and professional background of the nominee, including any special accomplishments, professional references, current address, and telephone number should be provided. ~~Nominees~~ ^{Candidates} must be citizens of the United States. All candidates will receive careful consideration. An indication of the candidate's ability and willingness to devote the time required (approximately 80-100 days per year) should also be provided. Applications will be accepted until July 16, 2001.

Copies of ~~resumés~~ ^{resumés} of nominees should be sent to the attention of Ms. Sherry Meador, Administrative Assistant, Operations Support Branch, ACRS/ACNW, U.S. Nuclear Regulatory Commission, Washington, D.C., 20555-0001.

Draft *Federal Register* Notice

U.S. NUCLEAR REGULATORY COMMISSION SEEKS QUALIFIED CANDIDATES FOR THE ADVISORY COMMITTEE ON REACTOR SAFEGUARDS

AGENCY: U.S. Nuclear Regulatory Commission

ACTION: Request for ~~resumés~~ 

X

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is seeking qualified candidates for an appointment to its Advisory Committee on Reactor Safeguards (ACRS) to fill a vacancy.

ADDRESS: Submit ~~resumés~~  to: Ms. Sherry Meador, Administrative Assistant, Operations Support Branch, ACRS/ACNW, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001.

X

FOR APPLICATION MATERIALS, CALL: 1-800-952-9678. Please refer to Announcement Number 60000001.

SUPPLEMENTARY INFORMATION: Congress established the ACRS to provide the NRC with independent expert advice on matters related to the safety of existing and proposed nuclear power plants and on the adequacy of the proposed reactor safety standards. The Committee work currently emphasizes safety issues associated with the operation of 103 commercial nuclear units in the United States; the pursuit of a risk-informed and performance-based regulatory approaches; license renewal applications; risk-informed revisions to 10 CFR Part 50; power uprates; transient and accident analysis codes; use of mixed oxide and high burnup fuels; and advanced reactor

Copies of a résumé describing the educational and professional background of the candidate, including any special accomplishments, professional references, current address, and telephone number should be provided. All qualified candidates will receive careful consideration. Appointment will be made without regard to such factors as race, color, religion, national origin, sex, age, or disabilities. Candidates must be citizens of the United States and be able to devote approximately 80-100 days per year to Committee business. Applications will be accepted until July 16, 2001.
