This morning, I gave Paula the Security changes to make for IOLB #1.

What were they?

(1) In parentheses, change (wet or dry storage) to (wet or dry storage licensed under Part 72).

(2) Copy the 2nd and 3rd paragraphs from IOLB #1 and replace the last paragraph in Section 4.3.2, "Security" by pasting in IOLB #1 response. Bob Skelton agreed that this would clear up any confusion by placing Skip's response in the body instead of in the Appendix.

(3) Delete IOLB #1 from Appendix 6.

If you have any questions, please see me.
