Subject: Acknowledgement of your April 17, 2001 Letter to NRC Chairman Meserve

Dear Representative Burmeister,

I am replying to your letter to Chairman Meserve, dated April 17, 2001, in which you expressed support for the Mixed Oxide Fuel Fabrication Facility (MOX FFF) which is proposed to be constructed on the U.S. Department of Energy's Savannah River Site. Please be assured that your comments will be considered as part of the MOX FFF Environmental Impact Statement (EIS) Scoping process which is currently on-going.

As an NRC management official having responsibility for preparation of EISs for facilities such the MOX FFF, I appreciate your interest in this matter. If you have any questions at any time regarding the environmental review for the subject facility, please do not hesitate to contact me (e-mail address is the@nrc.gov). My telephone number is 301-415-7238 and fax number is 301-415-5397. Again, thank you for your interest.

Sincerely,

Thomas H. Essig, Chief
