Mr. Donald A. Flater, Chief  
Bureau of Radiological Health  
Iowa Department of Public Health  
401 SW 7<sup>th</sup> Street, Suite D  
Des Moines, IA 50309

Dear Mr. Flater:

As requested, we have reviewed the proposed regulations in the Iowa Public Health Department, Notice of Intended Action, which we received on March 15, 2001. The proposed regulations are in response to the amendment identified in the enclosed State Regulation Status. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR 150. Also, some editorial changes were reviewed that are consistent with 10 CFR Part 35. We also discussed our review of the regulations with George Johns on April 2, 2001.

As a result of our review, we have no comments. Please note that we have limited our review to regulations required for compatibility and/or health and safety. Under our current procedure, a finding that a State regulation meets the compatibility and health and safety categories of the equivalent NRC regulation may only be made based on a review of the final State regulation. However, we have determined that if your proposed regulations were adopted without significant change, they would meet the compatibility and health and safety categories established in Office of State and Tribal Programs (STP) Procedure SA-200.

We request that when the proposed regulations are adopted and published as final regulations, a copy of the "as published" regulations be provided to us for review. As requested in STP Procedure SA-201, *Review of State Regulations* (November 10, 1998), please highlight the final changes and send one copy in a computer readable format, if possible.

The State Regulation Status summarizes our knowledge of the status of other Iowa regulations. Please let us know if you note any inaccuracies or have any comments on the information contained in the Status. This letter including the Status is posted on the STP Web Site: <http://www.hsrdr.gov/nrc/rulemaking.htm>.

If you have any questions regarding the comments, the compatibility and health categories, or any of the NRC regulations used in the review, please contact me or James Lynch at (630) 829-9661 or JLL2@NRC.GOV.

Sincerely,

**/RA Lloyd A. Bolling Acting for/**
