Bill:

Yes I have a copy of our Surry shutdown risk study. The whole report is massive - several feet of NUREG/CRs. To start, I have an executive study; we also have the whole report on CD-ROM. Just let me know what you'd like and we'll find it for you.

Mark,

I spoke to William Pratt of BNL yesterday and he mentioned that you have a shutdown risk study for Surry.

I wanted to confirm this with you and find out where the report is located so I can come by and look it over at my leisure.

Thanks ----- Bill Huffman
