Subject: Re: Concurrence for MDNR license & SER

Sherry,
There is a typo in the SER in Section 7, second paragraph, first sentence. I would like Dr. Lee to review but he won't be back till Monday. He has some problems with the scoping survey that Cabrera conducted. I hope we will be able to discuss at our meeting. The rest looks ok to me.

>>> Sherry Lewis 08/05 9:25 AM >>>
Ed,

I've attached the cover letter, the license, and the SER for the licensing of Michigan Department of Natural Resources Tobico Marsh site. Please provide me your comments and/or concur on the letter, license, and SER. Since I would like to get this out by the time of the 8/24/99 meeting with MDNR, may you respond by noon 8/13/99? If you can't, please let me know.

FYI, Cabrera Services informed me that they're mailing (very soon) to me, you, and Peter a Work Plan of the Tobico Marsh site in preparation for the upcoming meeting.

Thanks,
Sherry
