Mr. Oliver D. Kingsley, President
and Chief Nuclear Officer
Exelon Nuclear
Exelon Generation Company, LLC
1400 Opus Place, Suite 500
Downers Grove, IL 60515

Dear Mr. Kingsley:

In a meeting on March 16, 2001, Mrs. A. M. Stone and Mr. D. Clines made arrangements for the administration of licensing examinations at the Clinton Power Station during the weeks of July 16 and July 23, 2001. In addition, the NRC will make an examination validation visit to your facility the week of June 25, 2001.

Due to personnel changes at the NRC Region III Office, Mr. David Pelton has replaced Mrs. A. M. Stone as chief examiner for this examination. This change in chief examiner assignment has been discussed with Mr. D. Clines. The NRC will make every effort to minimize the impact of this change in chief examiner assignment on you and your staff.

This letter amends the corporate notification letter originally sent to you on March 21, 2001. The dates for the administration and validation of the examination have not been changed from those listed in the original notification letter.

Thank you for your cooperation in this matter. If you have any questions regarding the NRC's examination procedures and guidelines, please contact David Pelton at 630-829-9732, or me at 630-829-9733.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS).
