## **NUCLEAR REGULATORY COMMISSION**

### **Notice of Public Meeting of the Interagency Steering Committee on Radiation Standards**

**AGENCIES:** Nuclear Regulatory Commission and Environmental Protection Agency.

**ACTION:** Notice of public meeting.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) will host a meeting of the Interagency Steering Committee on Radiation Standards (ISCORS) on June 21, 2001, in Rockville, Maryland. The purpose of ISCORS is to foster early resolution and coordination of regulatory issues associated with radiation standards. Agencies represented on ISCORS include the NRC, U.S. Environmental Protection Agency, U.S. Department of Energy, U.S. Department of Defense, U.S. Department of Transportation, the Occupational Safety and Health Administration of the U.S. Department of Labor, and the U.S. Department of Health and Human Services. The Office of Science and Technology Policy, the Office of Management and Budget, and a State Department representative may be observers at meetings. The objectives of ISCORS are to: (1) facilitate a consensus on allowable levels of radiation risk to the public and workers; (2) promote consistent and scientifically sound risk assessment and risk management approaches in setting and implementing standards for occupational and public protection from ionizing radiation; (3) promote completeness and coherence of Federal standards for radiation protection; and (4) identify interagency radiation protection issues and coordinate their resolution. ISCORS meetings include presentations by the chairs of the subcommittees and discussions of current radiation protection issues. Committee meetings normally involve pre-decisional intra-governmental discussions and, as such, are normally not open for observation by members of the public or media. One of the four ISCORS meetings each year is open to all interested members of the public. There will be time on the agenda for

members of the public to provide comments. Summaries of previous ISCORS meetings are available at the ISCORS web site, [www.iscors.org](http://www.iscors.org) and the final agenda for the June meeting will be posted on the site shortly before the meeting.

**DATE:** The meeting will be held from 1 p.m. to 5 p.m. on Thursday, June 21, 2001.

**ADDRESSES:** The meeting will be held in the NRC auditorium, at Two White Flint North, 11545 Rockville Pike, Rockville, Maryland 20852.

**FOR FURTHER INFORMATION, CONTACT:** James Kennedy, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555, telephone 301-415-6668; fax 301-415-5398; E-mail [jek1@NRC.GOV](mailto:jek1@NRC.GOV).

**SUPPLEMENTARY INFORMATION:** Visitor parking around the NRC building is limited; however, the NRC auditorium is located adjacent to the White Flint Metro Station on the Red Line.

Dated at Rockville, MD, this \_\_\_\_\_ day of May, 2001.
