Dear Mr. Rosinski:

This letter is in response to your request for eight copies of the Pipe Fracture Encyclopedia which was developed by Battelle for the U.S. Nuclear Regulatory Commission (NRC) as part of the Second International Piping Integrity Research Group program. Enclosed are eight copies of the five CD ROMs comprising the encyclopedia.

The Pipe Fracture Encyclopedia is divided into four volumes and contains reports, databases, computer programs, and videos created during various piping integrity research programs. The encyclopedia can be viewed with Adobe Acrobat and Apple QuickTime software which is included on Volume 1 of the encyclopedia. The CD ROMs are compatible with Windows 95, Windows NT, Windows 3.X, and Apple Macintosh computers.

I would appreciate any feedback you may have regarding the Pipe Fracture Encyclopedia. It would be helpful in future programs aimed at compiling large bodies of information.

Sincerely,

/RA/ signed by Michael E. Mayfield
