

June 5, 2001

MEMORANDUM TO: Christopher I. Grimes, Chief
License Renewal and Standardization Branch
Division of Regulatory Improvement Programs

FROM: Christian J. Araguas /RA/
License Renewal and Standardization Branch
Division of Regulatory Improvement Programs

SUBJECT: FORTHCOMING MEETING WITH DUKE ENERGY CORPORATION
(DUKE), VIRGINIA ELECTRIC AND POWER COMPANY (VEPCO), AND
EXELON GENERATION COMPANY, LLC (EXELON) TO DISCUSS
SCHEDULES FOR PLANNED LICENSE RENEWAL APPLICATIONS

DATE & TIME: Wednesday, June 20, 2001
1:30 p.m. - 3:30 p.m.

LOCATION: U.S. Nuclear Regulatory Commission
One White Flint North
11545 Rockville Pike
Rockville, Maryland 20852
Room O-12B4

PURPOSE: The NRC staff has developed an improved schedule model for the review of license renewal applications based on the experience gained from the first applications. The model reflects the current process being used for reviewing renewal applications and provides the flexibility needed to adjust interim milestones to accommodate the five applications being submitted in 2001 as well as in the future. A draft of the model was discussed with VEPCO, Duke, and Exelon in a meeting on May 21, 2001. This meeting is for the staff to receive comments on the draft model from the three applicants and to continue discussions on developing integrated review schedules using the new model.

PARTICIPANTS: Participants from the NRC include members of the Offices of Nuclear Reactor Regulation (NRR).
