

4/7/99

TO: FILE (2-1999-023)

FROM: Investigator Gary H. Claxton

SUBJECT: Transcript error in interview of Frank Koontz

Koontz was interviewed by OI on March 22, 1999, at the Watts Bar Nuclear Plant, Spring City, Tennessee.

On page 18-19 of the official transcript, Koontz is discussing the transfer of a problem evaluation report. The transcript reads, "...Mr. Elliott, the engineering manager, had agreed to accept it from Mr. Koontz...". The context of the statement was not logical and the audio tape of the interview was reviewed.

The audio tape reveals that the transcript should reflect the following; "...Mr. Elliott, the engineering manager, had agreed to accept it from Mr. Koehl..." (not Mr. Koontz).
