Dear Special Agent Claxton:

This responds to your recent request that TVA provide you with a statement from Richard L. Morley, the TVA manager who issued a July 11, 1995 memorandum to W. L. Elliot entitled, "CLARIFICATION OF DUPLICATE CENTRAL LABORATORIES SERVICES (CLS) TEST REPORTS CONCERNING WATTS BAR NUCLEAR PLANT (WBN) ICE CONDENSER BASKET SCREWS." Specifically, you asked that Mr. Morley address the statement made in the second sentence of the second paragraph of that memorandum. Accordingly, Enclosure 1 is a declaration by Mr. Morley explaining the basis for the above-mentioned statement.

You also asked that TVA provide you with a copy of WBN Work Order No. 95-02791-00. Accordingly, Enclosure 2 is a copy of that work order.

If you have any questions or need further information, please feel free to call me at (423) 632-7317.

Sincerely,

A handwritten signature in black ink, appearing to read "E. Vigluicci".
