Policy Development and Analysis Staff

Subject: **Transmittal of GE Proprietary Licensing Topical Report NEDC-33035P, "TRACG Licensing Application Framework for ECCS/LOCA Analysis", Revision 0, dated May 2001**

Reference: GE/NRC Meeting Charts MFN 01-019, "TRACG Application to ECCS/LOCA", Meeting on May 9, 2001.

This letter transmits a CD ROM containing the above report and six (6) printed copies of the report. The material in the report was discussed at the referenced meeting. This report is submitted as supporting information for the project related to TRACG application for ECCS/LOCA analysis. GE is not requesting a Safety Evaluation Report on this report.

Please note that the LTR contains proprietary information of the type, which GE maintains in confidence and withholds from public disclosure. The information has been handled and classified as proprietary to GE as indicated in the attached affidavit. We hereby request that this information be withheld from public disclosure in accordance with the provisions of 10CFR2.790.

Should you have any questions concerning the subject document, please contact Bharat Shiralkar at (408) 925-6889 (bharat.shiralkar@gene.ge.com.)

Sincerely,

J.F. Klapproth, Manager
Engineering and Technology
