FOI/PA REQUEST

Case No: 2001-0279
Date Recd: 6-7-2001
Action Off: Reed
Related Cases: _____

ATTN: Carol Ann Reed
U.S. Nuclear Regulatory Commission
Freedom of Information Request

June 7, 2001

Pursuant to the Freedom of Information Act, we wish to request the opportunity to review the air, water, waste and nuclear files for the following company:

R. M. Wester & Associates, Inc.
215 Indacom Drive
St. Peters, MO 63376
(636) 928-9628

Specifically, our inspector would like to review records of site inspections, copies of permits, notices of deficiency or violation, consent or agreed orders, complaints or other general correspondence regarding compliance issues. The time period of interest is 1997 to date. Our inspector, Tad Yancheski, would like to visit your office to review these files. If you have any questions or problems you can reach me at (302) 738-7551.

This request is made on behalf of the ExxonMobil Refining & Supply Company, a division of ExxonMobil Corporation, a New Jersey corporation. The review is part of a routine safety, health and environmental assessment of each waste management facility with whom ExxonMobil does business. An integral part of these assessments is to review information accessible to the public that is maintained by state and federal agencies.

Thank you for your time and assistance in this matter.

Sincerely,

Diana Pembroke Miller
