Mr. Tim V. Dreier, PE  
Water Management Program Manager  
Commonwealth of Pennsylvania  
Department of Environmental Protection  
400 Waterfront Drive  
Pittsburgh, PA 15222-4745

**NPDES Permit PA0025615**  
**Beaver Valley Power Station**  
**Shippingport Borough, Beaver County**

Dear Mr. Dreier:

In accordance with Part B, Item 1.b (4) of the above reference NPDES Permit, we are notifying you of a planned 1.4% increase in the rated thermal power of the Beaver Valley Power Station later this summer. This increase in thermal power changes our maximum power production rate to  $2.0 \times 10^9$  kWh/month, which is slightly higher than our permit application indicated Maximum Monthly Production Rate.

If there are any questions concerning this notification, please contact me at (724) 682-5113.

Sincerely,

Joseph W. Venzon  
Chemistry and Environmental Manager

JWW/lar
