Subject: CONCURRENCE IN MC&A RULE

Merri,

The OCIO concurs in the proposed Material Control and Accounting Amendments rule. However, please make the following minor change in the first sentence of the second paragraph of the Paperwork Reduction Act Statement:

"Because the rule will reduce existing information collection requirements, the public burden for this information collection is expected to be decreased by approximately 7 hours per licensee for *licensees* reporting annually...." We request this change because not all licensees will have their reporting frequency reduced to annual.

Also, the last sentence on page 33 is not clear. We suggest that you change it to "Because some licensees are also required to submit DOE/NRC Form 742 to cover foreign origin source material, the number of licensees required to submit NRC Form 742 is higher than the number submitting DOE/NRC Form 742C."
