U.S. Nuclear Regulatory Commission

Dear Mr. Cameron:

We are writing to thank you for your efforts in supporting the activities of the NRC's Reactor Oversight Process Initial Implementation Evaluation Panel (IIEP). Your support enabled the panel to perform a thorough review and evaluation of issues identified during the first year of implementation of the Reactor Oversight Process, while reaching a panel consensus view in order to support the needs of the agency. The NRC will evaluate the various issues and recommendations provided by the panel, and make the refinements and improvements necessary to further achieve the agency's performance goals.

The work of the IIEP required a significant amount of your personal time. We thank you for your personal investment in this effort and the support provided by your organization.

Sincerely,
